Find the right plan

How to calculate your total monthly premium cost

Thank you for your interest in UPMC *Advantage* Individual and Family plans. This information will help you determine the monthly premium you can expect to pay for the plan you choose.

Somewhere in the next few pages is the perfect plan for you. In the following charts, you'll find a detailed breakdown of UPMC *Advantage* plan options, organized by network. You can select your preferred network from the following three options:

UPMC Partner Network (EPO)

The Partner plans were created for residents of Allegheny, Bedford, Blair, and Erie counties and feature providers within those counties. All UPMC-owned hospitals plus Kane Community Hospital and Corry Memorial Hospital are included in the network along with a robust list of physicians and specialists to cover all of your health care needs. An Exclusive Provider Organization (EPO) enables you to seek care within the network. Medical services are not covered outside the network, except for emergency care.

UPMC Select Network (EPO)

The Select plans were created for residents of Allegheny, Beaver, Butler, Washington, and Westmoreland counties and feature select providers within those counties, including Grove City Medical Center. All UPMC-owned and most community hospitals within the five-county service area are included in the network. This plan is also an Exclusive Provider Organization (EPO) which enables you to seek care within the network. Medical services are not covered outside the network, except for emergency care.

UPMC Premium Network (PPO)

The UPMC Premium Network is the UPMC Health Plan's broadest network. The Premium plans were created for residents of western PA who want the option to seek care in and out of network. A Preferred Provider Organization (PPO) plan gives you the flexibility to go out of the network for care at a greater share of the cost. Emergency care is covered outside the network with the same copayment as in the network.

To calculate your total monthly premium cost:

- Select your area of coverage by finding your preferred network.
- Determine the age of each person to be covered.
- Determine if the individual is a smoker or non-smoker.
- Add the monthly payment amounts associated with each individual.

Here is an example for calculating a monthly premium:

- A family of three living in Allegheny County selects the Silver \$3,250/\$10 Plan in the UPMC Partner Network.
- To determine the monthly premium, add each individual's rate:
 - Mom's premium (27 years old, non-tobacco) = **\$153.62**
 - Dad's premium (28 years old, non-tobacco) = **\$159.34**
 - Son's premium (2 years old) = **\$93.08**
 - Total monthly premium = **\$406.04**

Calculate your base monthly rate.
