Section 1- Introduction

This directory provides a list of Security Blue HMO, Freedom Blue PPO and Community Blue Medicare HMO's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

From time to time, contract status may change, meaning that a provider's listing in the directory does not guarantee that the provider is still in the network or accepting new patients. If you regularly see a network provider, and that provider's contract is terminated, Security Blue HMO, Freedom Blue PPO or Community Blue Medicare HMO will notify you in writing regarding your options 30 calendar days before the effective date of the termination.

Security Blue HMO and Community Blue Medicare HMO members only: You will have to choose one of our network providers who are listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. For all covered care, you may choose to see your PCP or go directly to any Network specialist without a referral. You may change your PCP for any reason, at any time by notifying Customer Service Monday through Sunday between 8:00 a.m. and 8:00 p.m., at 1-800-935-2583 for Security Blue HMO or 1-888-234-5397 for Community Blue Medicare HMO. TTY users should call 711 National Relay Service.

Freedom Blue PPO members only: Freedom Blue PPO members are encouraged to choose a preferred provider/primary care provider (PCP), but it is not required. You may select any provider from the Preferred Providers/Primary Care Providers section of this directory as your preferred provider.

The "network providers" listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

Security Blue HMO and Community Blue Medicare HMO members only: We cover certain health care services that you get from non-network providers. These include care for a medical emergency, urgently needed care, renal dialysis (kidney) that you get when you are outside the plan's service area, care that has been approved in advance by Highmark Blue Cross Blue Shield, and any services which were ordered covered through an appeals process. You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare, Security Blue HMO nor Community Blue Medicare HMO will be responsible for the costs.

Freedom Blue PPO members only: Freedom Blue PPO members may go to any health care provider of their choice--either in or out of the Highmark Medicare

Advantage PPO Network--as long as the provider has not opted out of the Medicare program. If you get a health care service from a network provider, this is known as an "in-network" service. Eligible in-network services are covered in full except for small copayments or coinsurance for certain services. A health care service you get from a non-network provider is known as an "out-of-network" service. You may use non-network providers to get your covered services, but your out-of-pocket costs may be higher than if you use our network providers. There are special rules for out-of-network services. Certain services that we offer are not covered out-of-network. Also, you do not need to get a referral or prior authorization when you get out-of-network services from non-network providers. However, before getting an out-of-network service, you may want to check with your plan to see if the services you are getting are covered by your plan and are medically necessary.

Before you pay any bills you receive from any provider either in or out of the Highmark Medicare Advantage Network, call the Customer Service Department for instructions, **Monday through Sunday between 8:00 a.m. and 8:00 p.m., at 1-800-935-2583 for Security Blue HMO, 1-800-550-8722 for Freedom Blue PPO or 1-888-234-5397 for Community Blue Medicare HMO. TTY users should call 711 National Relay Service.** Eligible services will be paid by Security Blue HMO, Freedom Blue PPO or Community Blue Medicare HMO. You should never pay any non-network provider more than what the provider is allowed by Medicare. Ask the non-network provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-network provider for our share of the bill and will let you know what, if anything, you must pay. If you pay for any emergency or urgent care you receive from providers who are not part of the Network, request reimbursement by submitting the receipt(s) for care you received to one of the addresses listed below:

Highmark Medicare Advantage Customer Service
P.O Box 1068, Pittsburgh, PA 15230

For emergency care, including post stabilization care, and urgently needed care, your out-of pocket costs will be the same both in and out-of- network. For cost sharing information see your Evidence of Coverage.

Security Blue HMO, Freedom Blue PPO and Community Blue Medicare HMO also pay for medically necessary, non-emergency services needed to ensure that the member remains stabilized, from the time the treating hospital requests authorization until the member is discharged from the hospital, placed in the care of a Highmark Medicare Advantage Network doctor, or the treating doctor and Highmark Blue Cross Blue Shield agree to another arrangement.

Security Blue HMO, Freedom Blue PPO and Community Blue Medicare HMO also pay for treatment members need for illnesses or injuries which are not emergencies, but which could cause serious problems or endanger your health if treatment is delayed. You are covered for such urgent medical needs while you are within or outside the

service area. If the Highmark Medicare Advantage Network is not available or accessible due to an unusual event, you are also covered for urgent care you receive from any provider.

Freedom Blue PPO members only: When in the service area you may go directly to any provider of your choice for urgent care. When out of the service area urgent care may be obtained from the first available provider.

Security Blue HMO and Community Blue Medicare HMO members only: When in the service area you must use network providers for urgent care. When out of the service area urgent care may be obtained from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers neither Medicare, Security Blue HMO nor Community Blue Medicare HMO will be responsible for the costs.

Security Blue HMO, Freedom Blue PPO and Community Blue Medicare HMO pay for emergency care members receive within the service area and while traveling outside of the service area, for both inpatient and outpatient services that are furnished by a qualified provider and needed to evaluate or stabilize an emergency medical condition. When you need emergency care, go directly to a hospital emergency room or call 911 or your local emergency number. Show the hospital your Membership (ID) Card. In an emergency, you never need to contact any plan provider, even your own PCP, for authorization. However, as soon as possible, you or someone else should contact your PCP so that he/she may provide follow-up care.

All Network physicians are carefully screened and credentialed to meet strict quality standards. Before you contact any provider in this directory, please read your *Evidence of Coverage* for detailed information about your specific plan's benefits, limitations, copayments and coinsurance, and how to receive care.

Highmark Blue Cross Blue Shield understands the importance of helping our members find Network health care providers who are accessible to people with physical disabilities and who can communicate with people who have sensory disabilities. This directory provides a list of Community Blue Medicare HMO network providers. To identify one of our network providers who are listed in this directory, you will need to look for certain symbols to the left of the provider's name.

- If the provider has the symbol to the left of their name, this provider is in the Community Blue Medicare HMO network.
