

Your Regional Facilities

Community Blue Medicare HMO, Security Blue HMO, and Freedom Blue PPO

- **Community Blue Medicare HMO** includes a high value network of select providers, PLUS an enhanced service model to assist in finding doctors, making medical appointments and coordinating your health information between doctors and hospitals.
- **Security Blue HMO** gives you access to every hospital and participating provider in Western Pennsylvania.
- **Freedom Blue PPO** offers access the same great network as Security Blue HMO, plus coverage when you travel across the country.

Access to hospitals across the region

- Security Blue HMO and Freedom Blue PPO **ONLY**
- ★ Community Blue Medicare HMO, Security Blue HMO and Freedom Blue PPO

No matter which plan you choose, you're covered for urgent and emergency care worldwide.

- ★ Community Blue Medicare HMO Participating facility.

Turn the page to find a complete list of local in-network facilities.

Not all providers will accept Community Blue Medicare HMO. Please verify that your providers are participating before enrolling. If a provider does not participate, neither Medicare nor Community Blue Medicare HMO will be responsible for the costs. Freedom Blue PPO members may visit any participating Blue Cross and/or Blue Shield Medicare Advantage PPO provider in the United States, and pay network cost sharing. Highmark Inc. is a PPO plan with a Medicare contract. Enrollment in

Your Plan, Your Network

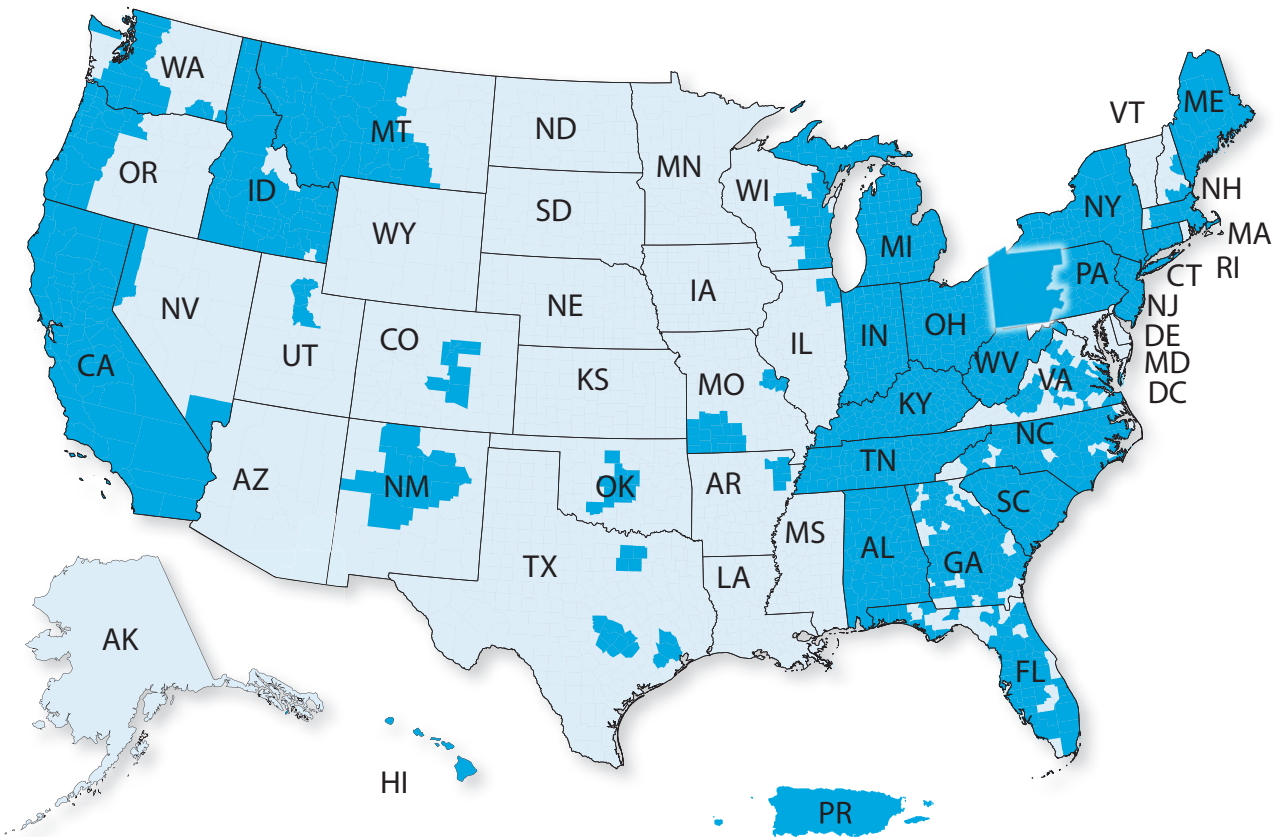

Freedom Blue PPO

Get more coverage freedom for where you are — and across the U.S.

Choosing the right Medicare plan is about more than just premiums. It's also about where you're going to be when you need coverage.

- **Freedom Blue PPO** gives you access to all participating Blue Cross Blue Shield Medicare Advantage PPO providers and out-of-network doctors coast to coast. Our Freedom Blue PPO network provides access to over 200,000 primary care physicians, 324,000 specialists and nearly 3,000 hospitals across the country.

Coverage when you travel across the country
