# Blue Cross Blue Shield Shared Cost 3200, *a Multi-State Plan*

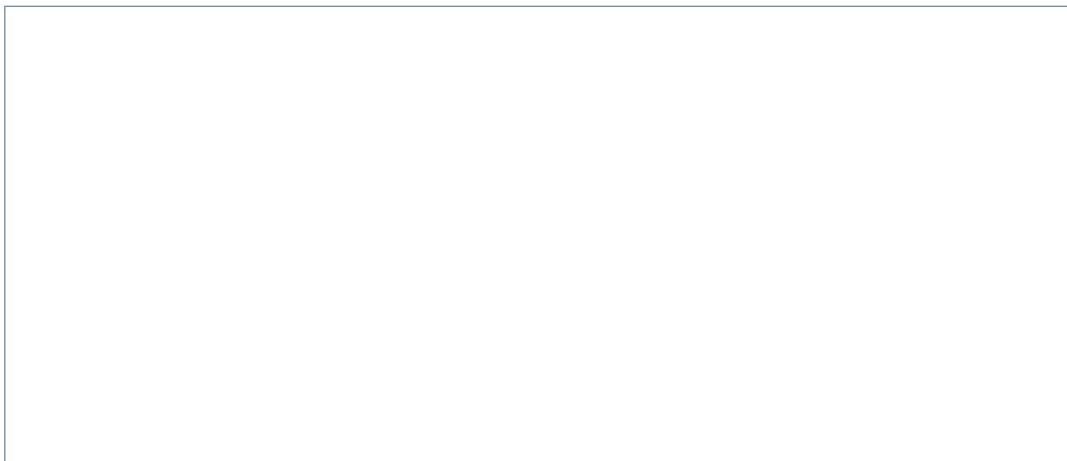

## How it works

**Blue Cross Blue Shield Shared Cost 3200, a Multi-State Plan helps keep your monthly expenses lower and offers fixed copays for some services.** Here's how: Many people don't expect to use a lot of medical services but want fixed, predictable costs when they get care. With Blue Cross Blue Shield Shared Cost 3200, a Multi-State Plan, members have a fixed copay for some services, like doctor visits, prior to meeting the deductible. For less common services, individuals pay 100% of costs of most covered services until the deductible of \$3,200 for individuals or \$6,400 for families has been reached. After that, you pay copays and coinsurance until you reach the out-of-pocket maximum for the year. That amount is \$6,350 for individuals or \$12,700 for families. Then, Highmark Health Insurance Company covers all your medical expenses when you receive covered health care services from network providers.
